

OFFICIALLY ANNOUNCED THAT NEWELL GETS PLANT

General Chemical Company
To Erect Largest of Several Factories.

INTENTIONS MADE KNOWN

Probable that 1,000 Men Will
Be Employed When Plant
Is In Operation.

It was officially announced in Pittsburg yesterday that the \$3,000,000 chemical plant of the General Chemical Company of New York is to be located at Newell, opposite California. The announcement that the plant was to be placed at that place was first made in the Mail some weeks ago. The proposed plant will be the twenty-fifth owned by the company, and will be the largest of the group. In fact it will be the largest for the manufacturer of chemicals in the world.

The General Chemical Company of New York is capitalized at \$25,000,000. It controls the chemical business of the United States and employs thousands of workmen. The new plant will employ nearly 1,000. Work on the plant will begin within a few weeks and will be rushed to completion as rapidly as possible.

Sometime ago it was announced in the Mail that the Pittsburgh and Lake Erie railroad, which passes through Newell, would be substantially enlarged.

During the past week many of the workmen employed by the road, who have built their homes at McKees Rocks, where the shops are located, complained against the removal to Newell. It was reported that the railroad had abandoned the project of building at Newell.

With the report that the chemical company is to build a plant at the place comes word that the Pittsburgh and Lake Erie Railroad company will carry out its projected improvements as first planned.

WILL PROBATED; TESTATORS LIVE

It is seldom indeed that a person's will is probated before his or her death, but such is the case in the testaments of three Monessen citizens, whose last will has been registered.

Antonia Parrinella, Antonia Parrinella, Caterina Parrinella and Rosa Parrinella, all of Monessen, jointly made a will. The first named person died, and as it was necessary to probate the will, it being made jointly with the others, it was necessary to probate theirs also. The dead woman's estate is valued at \$1,000.

In the will, George Parrinella, Salvatore Parrinella, and Frank Parrinella are named as the legatees. These three are also appointed executors of the will. The witnesses to the will were James Viceconti and Giorgi La-Forte.

A queer part is that two of those making the will have the same name.

SEVERAL FROM THIS PLACE AT BENTLEYVILLE

Many people from all over Washington county, and from parts of other counties, are camping at the Bentleyville camp ground now. The camp meeting season will get open until some time in August, when it is expected the place will be crowded.

Those from Charleroi who are at the camp grounds, either all the time, for a few weeks or spending part of their time there are: Mr. and Mrs. James Graham, Mr. and Mrs. Ellis Murdock, Mr. and Mrs. R. S. Phillips and family, Mr. and Mrs. Harry Lowstutter and family, Dr. and Mrs. J. W. Manon and children, Mr. and Mrs. J. W. McKean and children, Mr. and Mrs. Philip Snow and Miss Jennie Hornell.

TRAMPS INFEST MONESSEN AND ARE ARRESTED

Thirteen men, all having the appearance of professional yeggmen, were secured in a raid at Monessen on Wednesday, but all were this morning discharged with the strict warning to get out of the vicinity. Most of the number were captured at a camp near the town.

During the past week many of the workmen employed by the road, who have built their homes at McKees Rocks, where the shops are located, complained against the removal to Newell. It was reported that the railroad had abandoned the project of building at Newell.

Will Hold Coon Hunt.

The Women's League of the M. E. church of Charleroi is arranging for a coon hunt next Tuesday evening, but unlike the usual affair of the kind, and entrance fee of 15 cents is to be charged. The party will leave promptly at 8:30 o'clock, but where they are going only a select few who can keep a secret know. Lunch is to be served after the hunt at the home of W. S. James on Sixth street. The nature of the hunt has not been made known.

GAMBLING DENS ARE RAMPANT

Donora Man Wants Local
Justice to Take Some
Action.

From letters received within the past few weeks by Justice of the Peace Wilson of this place from some unknown person at Donora, there are gambling houses and disorderly places running almost open at that place. The letters are unsigned. They state where the gambling places and disorderly houses are to be found. Justice Wilson has given the letters over to various officers, the county detectives, who are in reality the proper officials to investigate such cases, having received one.

One of the letters is substantially as follows: "Squire Wilson, Justice of the Peace. Dear Sir: It is a gambling and disorderly house on Fourth and Thompson avenue, opposite shoemaker Salomee run by several negroes. It has become a perfect nuisance and is a disgraceful to passers by until it is dangerous for a white woman to pass by. Please put a stop to it if you can, they fight and cut up each other so as I have said it is dangerous for any of us to pass. The officers here don't account to it, please do something at once."

Nearly 25 letters similar to this one have been received by Justice Wilson.

During the past week many of the workmen employed by the road, who have built their homes at McKees Rocks, where the shops are located, complained against the removal to Newell.

COLORADO ORCHARDS ARE FULL OF FRUIT

Miss Clara G. Cooper, who is making a tour of Colorado and will visit California before she returns, writes entertainingly of the sights and wonders of that country. In a recent letter to her father from Montrose, Colorado, she says:

We have just gotten back from a drive through a beautiful fruit section upon the mesa, that is the high land. Montrose is on the low land. We drove around a fruit farm of 240 acres all in large orchards of apples, peaches, apricots, cherries and prunes. The orchards are all cultivated and irrigated and all very full of fruit. I think I know quite a little more about irrigation now than I did.

I expect to start about next Saturday or Monday for Los Angeles.

I am just having a fine time and seeing the grandest sights. I can't describe Colorado Springs in this letter, but will tell you all about it when I get back. Tell the people back there to not die until they have been to Colorado Springs and have seen the sights. I was up at Cripple Creek and went into a gold mine, 4,000 feet back in through the tunnel and 660 feet under ground. I did not go to Pike's Peak. Had made arrangements to ride a burro up, but did not. Will tell you about it when I get home. I drove over a mountain 20,000 feet high and I have not yet felt any effects from the high altitude. I am just feeling fine. I wish you were out here along.

Clara G. Cooper.
Montrose, Col., July 20.

As the result of a reign of lawlessness at Cherry Valley, this county, the Pittsburgh and Eastern Coal company, through its attorney, Charles McIlvaine, has appealed to Sheriff John C. Murphy to use his influence in having an officer appointed. The company states that it will hold Washington county liable for all damages to its property unless given ample protection at once. The situation at the Cherry Valley is reported as serious.

Smith and Robinson townships, which adjoin the affected section, are without constables or peace officers, owing to the failure of the electors at the last election to name such officers. The coal company is one of the heaviest taxpayers in Smith township. It is feared, however, the company will not be able to get its property protected.

REPAIR WORK FINISHED AT LOCK NO. 4

Steamer Slackwater Now at
Lock No. 2. Where Work
is Being Done.

The steamer Slackwater, in command of Captain James T. Nutt, has completed some extensive and much needed repairs at Lock No. 4 during the last few weeks. The repairs consisted of taking down and repairing the gates, miter-sills and the lock chambers. This in one instance necessitated the pumping out of the larger lock, which was completed last week, and both locks are now in good working order, much better than for several years past.

Captain Nutt with his force is at present at Lock No. 2, where repairs will be made to the large wickets and gates and other minor repairs. There will also be built a large concrete retaining wall in front and around the new dwelling houses now being erected for the use of the Superintendent and chief engineer.

At Lock No. 1 the small old lock is being entirely removed and a new and much larger one will take its place. Already much work in this direction has been done. The lock has been declared out of commission, and the miter-sills are being taken to the mill to be replaced with the new ones. The force of men are working on the lock.

During the evening the dancing pavilion was the principal attraction.

It has been authentically reported that Manager Arch Osborne, of the East Liverpool team in the O. and P. league, would upon the close of the season in that organization report to the Philadelphia Nationals, having been signed by them. After a year or so here he went to Wilmington, in the Tri-State League, and pitched excellent ball. While there he received an offer from the Philadelphia Americans but refused because he would not play Sunday ball. Following this he played with Uniontown and Charleroi, successfully managing the Charleroi club last year. He is a popular player and in the Pa. W. Va. league last year was familiarly known as "Smiling Archie." All the teams in the league would rather have stacked up against almost any other pitcher than he.

RIVER COAL SHIPMENTS KEEPING UP WELL NOW

MONONGAHELA VALLEY LAUNDRY CHANGES HANDS

The Monongahela Valley Steam Laundry, a well known Charleroi industry, has changed hands within the past few days, a former owner, Matt Lloyd, having purchased the business from his son, James Lloyd. It is likely that improvements will be made by the new owner.

The laundry was started several years ago. In 1900 Matt Lloyd assumed charge, and conducted it for three years, after which he disposed of his interests, his son, James Lloyd finally acquiring it. The latter found it necessary to retire on account of ill health.

At present the steel drums are up and in position at Locks No. 2 and 3 while the splash boards are on at Locks No. 4 and 5, creating and maintaining a good boating stage in all the pools from Pittsburg as far as Lock No. 6 on the Monongahela. In the upper pools the coal shippers are loading their barges somewhat light, but as yet no trouble has been experienced in getting through, and the local markets are being supplied without delay.

MASONS OF THE VALLEY ENJOY DAY AT ELDORA

The Masonic outing and picnic at Eldora Park yesterday was well attended, and a day of enjoyment was spent. The park amusements were in full blast during the entire day from morning until late at night.

During the afternoon there were sports of a various nature. Men's races, women's races, boys' and girls' races, baseball throwing contest, etc.

During the evening the dancing pavilion was the principal attraction.

Improvements on Dams
Keep the Water at Good
Boating Stage.

LOADING BARGES LIGHT

No Trouble Thus Far However
in Getting Through, and None
is Anticipated.

River coal shipments are keeping up very well considering the fact that what old rivermen term the "low water season" is upon us. July and August were always reckoned scant water months, but of later years, with many improvements in adjustable and moveable dams, the stage of water in the river is usually kept at pool level through the entire season. The present one is practically demonstrating what can be done along that line, the rivermen and coal shippers experiencing no trouble whatever.

At present the steel drums are up and in position at Locks No. 2 and 3 while the splash boards are on at Locks No. 4 and 5, creating and maintaining a good boating stage in all the pools from Pittsburg as far as Lock No. 6 on the Monongahela. WASHINGTON AVENUES DEFEAT EPISCOPALS

The Washington Avenue Presbyterians defeated the Episcopalians in a one sided game last night by the score of 9 to 2.

The Washington Avenues secured their scores in the first and third. In the first Moore, the second man up, was walked. Arrison hit, Gray singled, and Mitchell was safe on an error. Goazion singled. Through these singles and bingles, they scored four. The five in the third came through four hits, two bases on balls, a wild pitch and a stolen base.

The Episcopalists got their two tallies in the sixth. Rodgers was given a walk and East singled. Ferguson and B. Roberts were safe out on their way to home.

Pittsburg's Tonnage.

According to the figures given out yesterday by Ira S. Bassett, traffic manager of the Pittsburgh Chamber of Commerce, the total tonnage for 1909 in the Pittsburgh district was 115,955,408 tons. Of this amount 104,500,508 tons were moved by rail and 11,454,895 by water. This, according to the records is a decrease of 46,238,764 tons over the year 1907.

While no figures were given out for the present year, reports show a most gratifying increase in freight tonnage. While 1909 is not expected even by the most sanguine, to reach the bumper figures of 1907, the showing will be creditable and will wipe out the deficit of this last year. It may be interesting to know that no industrial centre anywhere else on this mundane sphere originates as much tonnage as the Pittsburgh district, the boundaries of which reach and include Charleroi.

Once Again.

Owing to the absence of any peace officers or other means of protecting property as Smith and Robinson townships, the Pittsburgh and Eastern Coal company has appealed to the sheriff of the county for the appointment of a special officer. Through its attorney the company serves notice that its property is in danger, and that it will hold the county responsible for any damage done. It is stated that a reign of lawlessness prevails in the Cherry Valley, which is the scene of extensive coal mining operations with a large foreign population.

This condition once more emphasizes the necessity of State police for the purpose of patrolling such districts. A township constable is unable to cope with the situation, for the reason that regular police patrol is needed, instead of an officer to arrest criminals after crimes are committed. What the citizens and property owners of the Cherry Valley want is officials to prevent crime from being committed. A quartet of the State mounted police patrolling those two townships would give a sense of security not realized since the beginning of mining operations.

Committeemen Nominate.

It may not be generally known that the candidate for county controller to be voted for next fall will be placed in nomination by the committeemen of the political parties. In due time the committeemen will be summoned by the county chairman to appear at the county seat in convention, and a majority vote of these representatives will place in nomination the candidate for controller.

As the Republican party is decidedly in the majority in the county, lines are already out for the nomination. Committeemen are being approached and urged to commit themselves to certain candidates. The plan is to petition the Governor to appoint a

controller to serve until his successor is elected, with the understanding that such appointee be given the regular nomination. The committeemen, however, should be cautious about pledging themselves to any candidate. They are supposed to represent the voters who elected them, and before they meet to select a candidate for controller they should consult the desires of their constituents. The committeemen represent the people and not the politicians, who for reasons more or less personal are interested in certain candidates regardless of public service.

Electric Sparks

Will Uniontown ever get tired of those "dad-bimed" Marathon races? They are going to have another one at their merchants' day picnic.

Between hold-ups, fires and various other things along the river, valley towns are having strenuous times.

While we don't care so much whether Harry Thaw gets out of that asylum or not, we would like to know whether he has lost any flesh while confined there.

Harry Pulliam probably realized that the job of president of a big baseball league is not what it is cracked up to be.

If a man happens to be the one to discover a fire, and does the kindness to send in an alarm, only to get arrested and indicted for arson, he no doubt feels that human nature is the most perverse thing that ever happened.

It certainly would be tough to be in some of those towns in Spain where lawlessness is now rampant. Not only would you stand a chance of being killed, but then you might lose your best hat.

Illegal liquor sellers are found out at Marianna, not because they are more of them, perhaps, but because the officers work harder there than they do elsewhere.

surrounding country. Many that have suffered a long time with some trouble of the stomach, bowels, liver kidneys or nerves are now claiming entire freedom from all aches and pains. Among the many recent callers at Piper Bros' drug store, to tell of wonderful good received from a short use of Root Juice was a gentleman who said that Root Juice had almost performed a miracle in his case: "I, before using the remedy, was weak and nervous. My appetite was poor and digestion was so bad that the lightest foods would sour on my stomach, causing a formation of gas that would press against my heart and almost cause it to stop beating at times, but after taking the juice a short while, my appetite is good, my nerves are settled and I digest everything I eat without a single disagreeable symptom." So many local people are praising the great remedy that its rapid sale at Piper Bros. drug store is no longer a surprise.

We are told that the demonstration at this point closes Saturday night. Until then the Root Juice is sold for \$1 a bottle or three for \$2.50.

Woodbury's Combination Hair and Scalp Treatment costs no more than the ordinary kind—no more than those preparations produced by makers unknown to you. Yet Woodbury's is backed up by almost unlimited experience.

How foolish it is to use goods of unknown quality when it is so easy to get the best. When you use Woodbury's, not only are you sure you are getting the best preparations for the hair and scalp but you know you are entitled to write to the Woodbury specialists for advice. You know you can have the benefit of the vast experience at the Woodbury Institute.

Woodbury's Combination Hair and Scalp Treatment saves the hair. It restores its lustre and makes it beautiful and abundant. It eradicates dandruff; it strengthens the hair and increases its vitality; it destroys the deadly "plant microbe"—the great hair enemy. No disease of the hair or scalp can resist the curative effect of the complete Woodbury treatment.

If you don't see this trade-mark on the label it's an imitation.

Pittsburg's Tonnage.

According to the figures given out yesterday by Ira S. Bassett, traffic manager of the Pittsburg Chamber of Commerce, the total tonnage for 1907 in the Pittsburg district was 115,955, 403 tons. Of this amount 104,500,503 tons were moved by rail and 11,454,895 by water. This, according to the records is a decrease of 46,285,764 tons over the year 1907.

While no figures were given out for the present year, reports show a most gratifying increase in freight tonnage. While 1909 is not expected even by the most sanguine, to reach the bumper figures of 1907, the showing will be creditable and will wipe out the deficit of this last year. It may be interesting to know that no industrial centre anywhere else on this mundane sphere originates as much traffic as the Pittsburg district, the boundaries of which reach and include Charleroi.

Once Again.

Owing to the absence of any peace officers or other means of protecting property as Smith and Robinson townships, the Pittsburg and Eastern Coal company has appealed to the sheriff of the county for the appointment of a special officer. Through its attorney the company serves notice that its property is in danger, and that it will hold the county responsible for any damage done. It is stated that a reign of lawlessness prevails in the Cherry Valley, which is the scene of extensive coal mining operations with a large foreign population.

This condition once more emphasizes the necessity of State police for the purpose of patrolling such districts. A township constable is unable to cope with the situation, for the reason that regular police patrol is needed, instead of an officer to arrest criminals after crimes are committed. What the citizens and property owners of the Cherry Valley want is officials to prevent crime from being committed. A quartet of the State mounted police patrolling those two townships would give a sense of security not realized since the beginning of mining operations.

Committeemen Nominate.

It may not be generally known that the candidate for county controller to be voted for next fall will be placed in nomination by the committeemen of the political parties. In due time the committeemen will be summoned by the county chairman to appear at the county seat in convention, and a majority vote of these representatives will place in nomination the candidate for controller.

As the Republican party is decidedly in the majority in the county, lines are already out for the nomination. Committeemen are being approached and urged to commit themselves to certain candidates. The plan is to petition the Governor to appoint a

controller to serve until his successor is elected, with the understanding that such appointee be given the regular nomination. The committeemen, however, should be cautious about pledging themselves to any candidate. They are supposed to represent the people, not the politicians, who for reasons more or less personal are interested in certain candidates regardless of public service.

Electric Sparks

Will Uniontown ever get tired of those "dad-bimed" Marathon races? They are going to have another one at their merchants' day picnic.

Between hold-ups, fires and various other things along the river, valley towns are having strenuous times.

While we don't care so much whether Harry Thaw gets out of that asylum or not, we would like to know whether or not he met any women while confined there.

Harry Pulliam probably realized that the job of president of a big baseball league is not what it is cracked up to be.

If a man happens to be the one to discover a fire, and does the kindness to send in an alarm, only to get arrested and indicted for arson, he no doubt feels that human nature is the most perverse thing that ever happened.

It certainly would be tough to be in some of those towns in Spain where lawlessness is now rampant. Not only would you stand a chance of being killed, but then you might lose your best hat.

Illegal liquor sellers are found out at Marianna, not because they are more of them, perhaps, but because the officers work harder there than they do elsewhere.

surrounding country. Many that have suffered a long time with some trouble of the stomach, bowels, liver kidneys or nerves are now claiming entire freedom from all aches and pains. Among the many recent callers at Piper Bros' drug store, to tell of wonderful good received from a short use of Root Juice was a gentleman who said that Root Juice had almost performed a miracle in his case. "I, before using the remedy, was weak and nervous. My appetite was poor and digestion was so bad that the lightest foods would sour on my stomach, causing a formation of gas that would press against my heart and almost cause it to stop beating at times, but after taking the juice a short while, my appetite is good, my nerves are settled and I digest everything I eat without a single disagreeable symptom." So many local people are praising the great remedy that its rapid sale at Piper Bros' drug store is no longer a surprise.

We are told that the demonstration at this point closes Saturday night. Until then the Root Juice is sold for \$1 a bottle or three for \$2.50.

BETTER THAN LAXATIVES

"Ordinary pills, cathartics and purgatives, cause griping, nausea, and distressing and injurious after-effects that are frequently life-lasting. You may have your money back for the mere asking if Rexall's Compound do not overcome constipation and fully restore the intestines to regular activity and good health. They are eaten like candy, and can be taken day or night. They positively do not cause nausea, griping or any discomfort whatever. Two sizes, 70c and 25c.

FRUITS AND VEGETABLES

We are headquarters for fruits and vegetables. We go to the market and buy on the spot. We have the cash and use it to the best advantage to our members. We sell the same goods for less money, and more goods for the same money than any other merchants.

Although selling cheaper, we still make a profit, but where we differ from the private merchant is that, instead of keeping the profits for personal use, we divide and pay it back to the customers, our members, in shape of dividends. Last quarter we saved and are paying our members \$766.37 in dividends.

THE CO-OPERATIVE STORE

Woodbury's Combination Hair and Scalp Treatment costs no more than the ordinary kind—no more than those preparations produced by makers unknown to you. Yet Woodbury's is backed up by almost unlimited experience.

How foolish it is to use goods of unknown quality when it is so easy to get the best. When you use Woodbury's, not only are you sure you are getting the best preparations for the hair and scalp but you know you are entitled to write to the Woodbury specialists for advice. You know you can have the benefit of the vast experience at the Woodbury Institute.

Woodbury's Combination Hair and Scalp Treatment saves the hair. It restores its lustre and makes it beautiful and abundant. It eradicates dandruff, it strengthens the hair and increases its vitality; it destroys the deadly "plant microbe"—the great hair enemy. No disease of the hair or scalp can resist the curative effect of the complete Woodbury treatment.

Write The Woodbury Company, 47 West 34th Street, New York City, for booklet or get one from the agent in your town. Woodbury's Preparations are sold by druggists everywhere. C. W. WELTNER, Agent, Charleroi, Pa.
